

**“Invitation to Expression of Interest” for
Production & Maintenance Operations at Company’s Thirukkadaiyur Gas Terminal Plant Block
PY -1 Offshore Southeast India in Cauvery Basin**

Background

HOEC Ltd (Company) is developing the PY1 licence area offshore Tamil Nadu. The PY1 Field is natural gas with some entrained condensate. The PY1 development consists of a normally unmanned offshore platform, pipeline to shore and onshore reception and processing facilities. The onshore and offshore facilities will be controlled from a central control room (CCR) located within the Thirukkadaiyur terminal.

Production operations will commence shortly with testing, precommissioning and commissioning of individual sub-systems and systems. The PY1 Field is expected to commence commercial production and build up production to a steady rate of flow during 2009.

Location

HOEC Thirukkadaiyur TN and, offshore PY1 Field

Timing

From 1st June 2009 for three (3) years with opportunity to extend

Service Required

Company will operate in a three shift eight hours per shift roster to assure of continuous operations and requires the successful Contractor to provide Services for Field Engineers related to Production Operations according to HOEC Policy and Health, Safety and Environment Management System requirements.

The Contractor shall be responsible for provision of suitable personnel for all of CCR based operations, onshore gas terminal operations and offshore platform operations. The Company expects Contractor personnel to take an active role in safe working, planning of work, mentoring and supervising less experienced teammates. Contractor personnel will report to HOEC Production Supervisor.
